REESE COMMUNITY FACTS

We have a community that houses many skilled trades such as electricians, plumbers, contractors, and we also house many medical professionals.

Our farming community is rated in the top 10 of the United States with the richest soil. We have many farmers in Reese that are multi-millionaires. In 2017, Tuscola County Farmers made a net of \$51,780,000.00.

Over the past five years, our church has installed air conditioning into the sanctuary, we have installed new carpet in the entire church, installed a new boiler, put in a new parking lot, installed a new roof, and new lighting. When our church is in need, because of the rich blessings the Lord has provided to our members, we are able to pay for these items in full.

We do however, have several poverty-stricken neighborhoods nearby that our church helps take care of through food and clothing drives and Adopt-A-Family initiatives during the Christmas Season. We have plenty of opportunities for discipleship.
